

LEARN WITH JIYEON

A1 - Café Korean

Cafe Response Lab

Understand one real cafe question and answer it confidently in two useful ways.

1	2	3
English once	Korean once	Korean slowly

How to use this sheet

Watch once without pausing. On the second viewing, cover the Korean and answer from the English cue. On the third viewing, say the Korean before Jiyeon does.

Listen for the choice

드시고 가세요, 포장하세요?

Will you have it here, or is it takeout?

Listening clue: the clerk is asking you to choose between staying and taking the order away.

Two answers you can actually use

먹고 갈게요.

For here, please.

A natural response when you will stay and eat or drink there.

포장해 주세요.

To go, please.

A polite request asking the staff to package the order for takeout.

Say it three ways

Meaning	Normal Korean	Slow Korean
For here, please.	먹고 갈게요.	먹-고 갈-게-요.
To go, please.	포장해 주세요.	포-장-해 주-세-요.

Retrieve, choose, respond

1. Meaning check. The clerk says: 드시고 가세요, 포장이세요?

What choice are they asking you to make?

2. You are staying. Write the Korean response.

3. You are taking your drink away. Write the Korean response.

4. Cover and recall. Read each English cue, then say the Korean before uncovering page 2.

Answer key and practice notes

1	Whether you will stay and eat/drink there, or take the order away.
2	먹고 갈게요.
3	포장해 주세요.
4	For here: 먹고 갈게요. / To go: 포장해 주세요.

A note on natural Korean

These are practical beginner responses for the cafe situation shown in the lesson. Korean wording can change with the setting, the item, and the speaker relationship. Listen for the clerk's choice question first, then answer with the option you need.

Next step: replay the video tomorrow. Pause after the English cue and answer before the normal Korean pass begins.
